

Summer school in Geospatial Science and Technology (Level 1: Spatial Thinking)

10 June to 04 July 2024

Organized by

**Department of Civil Engineering,
SNS College of Technology, Coimbatore,
Tamil Nadu, India**

Supported by

**National Geospatial Program,
Department of Science & Technology,
Government of India, New Delhi**

Principal Investigator

Dr. C.Gajendran, Dr. C.Gajendran, Professor & Senior Innovator, Department of Civil Engineering,
SNS College of Technology, Coimbatore, Tamilnadu, India

Summer/Winter School Capacity Building Program in Geospatial Science and Technology

Recently knowledge has been identified as the most important driving factor for India's sustainable economic growth. India has adopted a new information regime for sustainable economic growth through its 'Digital India' program to support good governance, sustainable development goals and empowerment of its citizens. Over the last three decades, the widespread adoption of geospatial technologies into various sectors have proven to be an effective enabler to meet these challenges. The capacity building program initiatives of the National Geospatial Program (NGP) erstwhile Natural Resource Data Management System (NRDMS) Department of Science and Technology, Government of India to develop national capacity for geospatial science and technology development through diverse programs in collaboration with various partner organizations. The three week program is being conducted at three levels, Level 1 (Standard), Level 1 (Spatial thinking) and Level 2. The objective of the program is to build knowledge and various levels of governance in collaboration with academia and user agencies.

Level 1 (Spatial Thinking) Summer / Winter School In Geospatial Science and Technology

The 21-day summer/winter school in Geospatial Science and Technology (Level 1– Spatial thinking) supported by the National Geospatial Program (NGP) of the Department of Science and Technology, Government of India focuses on developing knowledge and capacity building in geospatial technologies through the use of open source geospatial software.

About the National Geospatial Program of the Department of Science and Technology, Government of India

In the heart of India's technological advancement lies the National Geospatial Programme (NGP) of the Department of Science and Technology, Government of India. The Geospatial Capacity Building Program initiated in 2010 has over the years flourished, fostering capacities in geospatial science, technology, solutions, and entrepreneurship. Its transformative journey initiated with a modest ambition has evolved into a robust program, igniting minds and expanding horizons.

For a decade, the Geospatial Capacity Building Program under DST has been a cornerstone, conducting 166 comprehensive three-week programs conducted as Summer and Winter Schools in Geospatial Technologies at a basic (Level 1) and advanced level (Level 2). The 2024 cycle includes a 11 three week Level 1-(Standard) programs, 4 three week Level 1-(Spatial Thinking) programs, 8 Level 2-(Advanced) three week programs and 7 Geo Innovation Challenge Programs being conducted by various Universities across India selected through a stringent process by the DST.

The sessions at these programs comprise classroom, lab, fieldwork, and mini-projects. Central to this success is a structured curriculum and the advocacy of open-source software. The dedicated portal, <https://dst-iget.in>, is a reservoir of learning materials, connecting educators, professionals, and scientists, and catalyzing India's geospatial domain. The NGP-DST's geospatial capacity building program is coordinated nationally by the Bharati Vidyapeeth Deemed University, Department of Geoinformatics, Institute of Environment Education and Research, Pune.

The SNS College of Technology, Coimbatore, Tamil Nadu, India is one of the selected institutions for conducting the Level 1– spatial thinking Program.

SNS Institutions, Coimbatore, Tamil Nadu

We started our journey in 1997 through Sri SNS Charitable Trust with a philanthropic outlook of serving the society in the fields of Education, Textiles, Software and several other allied Industries. Ever since the inception of Sri SNS Charitable Trust, we have been expanding its wide spectrum of educational streams from pre-school to advanced levels of graduate and post graduate programmes in Arts, Science, Education, Management, Engineering, Pharmacy, Allied health sciences, Nursing, Physiotherapy and Research centers.

SNS College of Technology, Coimbatore

SNS College of Technology, Coimbatore is an excelling institution in the state committed to producing engineers with high calibre and professionalism by accelerating Engineering and Technological education under one roof. The college was established in 2002 by Sri SNS Charitable Trust with a high Mission and noble thought of educating the needy. The campus is well-structured in a beautiful environment, with the best infrastructural facilities. The college offers 13 UG, 6 PG and 5 Ph.D / Research Programs in the leading fields of Engineering / Technology and Management.

Department of Civil Engineering

The Department of Civil Engineering was established in the year 2009. The Department is provided with industry-ready Infrastructural facilities and well-equipped Laboratories. The Laboratories include Concrete and Highway, Strength of materials, GIS and remote Sensing, Hydraulics and Fluid Machinery, Soil Mechanics, Environmental Engineering, Survey and Computer. The department has 70 computers with 20 Mbps internet connectivity.

The Department offers B.E. Civil Engineering degree programme and M.E. Structural Engineering programme. The undergraduate programme (B.E.) in Civil Engineering was started in the year 2009-10 with a sanctioned intake of 72. Based on its expertise, the department was permitted to offer a graduate programme (M.E.) in Structural Engineering from 2013-14 onwards with a sanctioned intake of 18 students. Considering the ever-growing demand of Civil Engineers and growing emphasis on planning, a new and unique undergraduate programme, B.E – Civil Engineering and Planning was introduced from the year 2016-17 onwards.

About the Level 1-spatial thinking Program being conducted by SNS Institutions, Coimbatore, Tamil Nadu India ?

In a world where spatial intelligence is increasingly vital, our program shines as a beacon of professional excellence. Through an immersive experience in advanced spatial intelligence methodologies and practical applications, participants are equipped with indispensable skills demanded by today's competitive landscape. At the heart of our program lies a meticulously crafted curriculum, developed in collaboration with industry-leading experts. Participants delve into cutting-edge concepts in spatial analysis, Geographic Information Systems (GIS), remote sensing, and related fields, ensuring they acquire the expertise needed to thrive in their professions. Led by distinguished faculty members with extensive research and industry experience, our emphasis on hands-on learning and practical problem-solving empowers participants to translate theoretical knowledge into real-world solutions with confidence and precision. Access to state-of-the-art facilities further enhances their learning journey. Whether you're a seasoned professional seeking to enhance your skillset or a budding researcher eager to explore the forefront of spatial intelligence, SNS College of Technology's Spatial Thinking Summer School provides a platform for unparalleled professional development. Seize this exclusive opportunity to elevate your career prospects and become a driving force in the evolving field of spatial intelligence.

Who can apply?

- Faculty of colleges and universities, state and central government officials,
- Personnel from research institutions
- School Teachers, School Principal and Vice—Principals, SCERT and NCERT officers, Academicians
- Research Scholars* (max 3 persons),
- NGOs registered with the DARPAN portal* (max 3 persons).

How to apply?

- Interested candidates should fill the online application form through the web link available on <http://dst-iget.in>.
- Selected candidates will be informed by mail.
- For any further queries after application write to dst.iget@bharativedyapeeth.edu or call on +91- 7559288803
- Address all queries regarding the program once selected to the PI, *Dr. C.Gajendran*, cgajendran@gmail.com; gajendran.c.ihub@snsgroups.com, 94433 68980, +91-20-24375684/24362155

Important Information

Last date for application: 30 May 2024

Dates of the program: 10 June to 04 July 2024

Mode of conduct: Offline

No. of seats: 25

Registration Fees: Nil

Principal Investigator: Dr. C.Gajendran, Professor & Senior Innovator, Department of Civil Engineering, SNS College of Technology, Coimbatore, Tamilnadu, India

Email: cgajendran@gmail.com; gajendran.c.ihub@snsgroups.com,

Phone: 94433 68980

For any queries contact: Dr. C.Gajendran.,(Principal Investigator) cgajendran@gmail.com; gajendran.c.ihub@snsgroups.com,

Address: Department of Civil Engineering, SNS College of Technology, SNS Kalvi Nagar, Sathy Main Road, NH-209, Vazhiyampalayam, Saravanampatti, Coimbatore, Tamil Nadu 641035

Grading and Certification

Certificate of participation will be awarded to each participant only after attending the full course.

Travel and Lodging

Each participant will be reimbursed with 3 AC train fare. Lodging and boarding on a double sharing basis will be provided by the host institution.

Infrastructure Facilities

Laboratory

The Department has a full-fledged common Computer Laboratory, Library and high speed internet & wi-fi connection. In addition it has well equipped laboratories.

Boarding and Lodging facilities

The institute has three guesthouse which can accommodate more than 50 people in both AC and Non AC rooms. In addition to this, and international hostel which provides an accommodation for more than 25 people

Program schedule for 21 Days Summer School in Geospatial Science and Technology (Level 1-Spatial Thinking)

Venue: SNS College of Technology, Coimbatore, Tamil Nadu

10 June to 04 July 2024

DATE	Morning Session (Theory) Time : 09:30 – 11: 00 AM		Morning Session Time: 11:20 AM– 1:00 PM		Afternoon Session: Lab Session (3 hours): Field Time: 02:00 – 4:30 PM (Tea Break : 3:15 – 3:30 PM)
10-06-2024	Registration and inauguration Chief Guest & DST Representative Plenary talk by (Expert / Guest)	Tea Break Time: 11:00- 11:20 AM	Understanding spatial thinking: Spatial Intelligence, Spatial Concepts Mrs. Geetha, Asst Professor, SNS College of Engineering.	Lunch Break : 01:00 – 02:00 PM	Mental mapping activity: Importance of spatial thinking in various disciplines, & Cognitive processes involved in spatial reasoning Mr. Pradeep, SNSiHub Project Coordinator & Team
11-06-2024	The power of maps: Maps as effective media for spatial thinking. Dr. C. Gajendran, Professor SNS College of Technology		Setting up the mapping framework : Basics on map making Dr. C. Gajendran, Professor SNS College of Technology		Google Earth: Understanding the Fusion of Geographic Elements into Points, Networks, and Regions; Exploring Spatial Structures and Patterns Dr. C. Gajendran, Professor SNS College of Technology & Team
12-06-2024	Maps for communication and decision-making Ms. Priya, Asst. Professor, SNS College of Technology		Utilizing spatial thinking: Examining Patterns through Basic Cartography Ms. Priya, Asst. Professor, SNS College of Technology		Roundtable discussions: space, scale, pattern, and distance. Dr. C. Gajendran, Professor SNS College of Technology & Team
13-06-2024	Introduction to Spatial Thinking and SDGs		Spatial Reasoning in the field of Indian Geology		Roundtable Conversations: Exploring the Components of Sustainable Development Goals

	Dr. C. Gajendran, Professor SNS College of Technology		Dr. Kumar, AP(SG), Government College of Engineering		(SDGs) for a Sustainable World : A spatial thinking approach Dr. C. Gajendran, Professor SNS College of Technology & Team
14-06-2024	Spatial Data Models and Representations Mr. Satyanaam, Head GIS, SUEZ		Overview of GIS and its components Mr. Satyanaam, Head GIS, SUEZ		Exploring Spatial Cognition through Geo Spatial Tool (QGIS) Mr. Satyanaam, Head GIS, SUEZ
15-06-2024	Field Visit: Nilgiris Forest -Field data collection and mapping				
16-06-2024	Sunday				
17-06-2024	Holiday				
18-06-2024	Spatio-temporal analysis of health hazard and malfunctions Dr. Sangeetha, Professor, SNS College of Technology	Tea Break Time: 11:00- 11:20 AM	Introduction to Epicollect 5 App Dr. C. Gajendran, Professor SNS College of Technology	Lunch Break : 01:00 – 02:00 PM	Field data collection : Data Collection using Epicollect 5, Data preprocessing and Integration with spatial tool kits. Dr. C. Gajendran, Professor SNS College of Technology & Team
19-06-2024	Spatial Thinking in Social Sciences. Ms. Priya, SNSCT		Role of spatial thinking in architecture and urban planning Dr. Muthusamy, TNIUS		Creating thematic maps using GIS. Dr. C. Gajendran, SNSCT and Team
20-06-2024	Spatial thinking approach in urban infrastructure management Dr. N.Muthusamy, Faculty, Tamil Nadu Institute of Urban Studies		Utilizing Spatial Reasoning in Property Tax Cartography, Dr. N.Muthusamy, Faculty, Tamil Nadu Institute of Urban Studies		Utilizing Spatial Reasoning in Field Data Collection Using GPS, Total Station, and Drones. Mr. Praveen, Director, Digital Land Surveying

21-06-2024	Introduction to Design thinking. Mrs. Sajitha, Coordinator, SNS iHUB		Group Activity: Design Thinking Process. Mr. Pradeep, SNS iHub Project Coordinator & Team		Practical Exercise :Design thinking workshop Mrs. Sajitha, Coordinator, SNS iHUB & Team
22-06-2024	Field Visit : Nilgiris Forest				
23-06-2024	Sunday				
24-06-2024	Techniques of interpreting spatial data. Dr. Gowtham, Government Arts College.	Tea Break Time: 11:00- 11:20 AM	Spatial Thinking in Smart City Project Missions Mr. P. Gopalakrishnan, Team Leader / IE cum PMC, Coimbatore 24x7 Water Supply.	Lunch Break : 01:00 – 02:00 PM	Role-playing scenarios to demonstrate decision-making. Mr. Pradeep, SNSCE and Team
25-06-2024	Human-Centered Design Approach Mrs. Sajitha, Coordinator, SNS iHUB		Prototyping and Iterative Design Mr. Pradeep, SNSiHub Project Coordinator		Project Work: Prototype Development and Testing Mr. Pradeep, SNSiHub Project Coordinator and Team
26-06-2024	Usability Testing and Feedback Mrs. Geetha, SNSCE		Iterative Design Refinement Mr. Pradeep, SNSCE		Group Project: User-Centric Design Approach Mrs. Geetha, SNSCE and Team
27-06-2024	Spatial Data Privacy and Ethics Dr. Kanmani, SNSCT		Sustainable Hydrogeological Assessment Through Geo-Spatial Analysis Mr. A. Siva kumar, Environmental and Geo Spatial Solutions, Country Manager		Roundtable discussions: Ethical Considerations Ms. Geetha, SNSCE and Team

28-06-2024	Spatially Informed Groundwater Management Dr. M. Senthilkumar, Central Ground Water Board Ministry of Jal Shakti		Groundwater Potential Mapping: A Spatial Thinking Approach with Machine Learning Dr. Iswar chandra Das, NRSC, Hyderabad		Watershed deletion using Geo Spatial Tools Dr. C. Gajendran and Team
29-06-2024	Facility Visit: Tamil Nadu Agriculture University - GIS and Remotes Sensing Lab				
30-06-2024	Sunday				
01-07-2024	Spatial Interactions: Nearest neighbor analysis and gravity models Dr.C .Gajendran, SNSCT	Tea Break Time: 11:00- 11:20 AM	Case study discussion on spatial interactions Dr. C. Gajendran, SNSCT and Team	Lunch Break : 01:00 – 02:00 PM	Group Activity : Spatial Analysis Tools and Techniques Dr. C. Gajendran, SNSCT and Team
02-07-2024	Opportunities and Challenges in India's Urban Water Supply System projects Mr. Amit Neogi , SUEZ		Analyzing environmental data to identify conservation areas Dr. Gowtham, Head of Geology, Government Arts College		Tools and Techniques for environmental data handling in Geospatial Techniques. Dr. Gowtham, Head of Geology, Government Arts College
03-07-2024	Introduction to Final Presentations Dr. C. Gajendran, SNSCT and Team		Capstone Project Presentation: Practice Presentations Dr. C. Gajendran, SNSCT and Team		Capstone Project Presentation: Practice Presentations Dr. C. Gajendran, SNSCT and Team
04-07-2024	Capstone Project		Concluding Discussion and Key Takeaways		Valedictory Interaction and feedback

	<p>Presentation: Practice Presentations</p> <p>Dr. C. Gajendran, SNSCT and Team</p>		<p>Dr. C. Gajendran, SNSCT and Team</p>		<p>Dr. C. Gajendran, SNSCT and Team</p>
